

RELIABLE GATE VALVES FROM VALTERRA

- Full port opening
- Bolted for easy maintenance
- Wide size range available

<u>Industry</u>	<u>Application</u>	<u>Common Sizes</u>
Agriculture, Dairy, Farm	Climatically controlled warehouses; Vacuum lines on dairy milking lines; Commercial pig/poultry sheds; Drains into slurry ponds	50-110mm Dairy Pig/Poultry 63-200mm Warehouses 110mm
Aquaculture/Koi Ponds	Ponds, commercial fish hatcheries; Transport tanks/trucks. Used mainly on waste discharge lines	50-110mm Koi ponds 50-150mm Commercial 90-200mm Transport tanks 90-300mm Fish Hatcheries
Carpet/Extraction Equipment	As a drain on the extraction tank	
Cooling Towers	Nuclear and coal power plants	150-200mm
IBC	Intermediate bulk containment	63mm
Irrigation	Flood irrigation; Secondary containment/overflow valve	150-200mm
Plumbing/Septic	Shut off valve in septic drain lines; Vacuum sewerage systems	75-110mm
Portable Spas & Hot Tubs	Shut off valve to keep water in the portable spa while doing maintenance on the filter/pump	50-63mm
Landfill Methane Recovery Systems	Placed on plumbing lines used to recover methane from landfills	63-90mm
Waste Water Control		110-250mm
Road Barriers, Barrels and Walls	To drain water filled road barriers	40-50mm
Gray Water Recovery	To divert household gray water or rain water into garden or storage tanks	40-50mm
Dust Recovery Systems	To remove dust created by production equipment	40-75mm
RV Industry	Drain valve for gray and waste water tanks	75mm Waste water 40-50mm Gray water
